

Meet the Governors

Name: Mr Liam Haslem (Department of Education REP) **Vice Chair**

Work History:

I have been a Quantity Surveyor since 1993. I am now working with 'Tony Patterson Sports Grounds' as a Quantity Surveyor. We construct and maintain all types of sports/leisure surfaces. I have been with TPS for 14 years.

Reason for being a Governor:

As I did not come from an educational background I was interested in the new changes taking place and have enjoyed a somewhat 'steep' learning curve during my time as a governor. I have had an insight into the day to day running of a nursery school and the ethos and environment of a school such as Dromore Nursery School. I have experienced many aspects of school management from budgeting, financial management, the appointment of staff to curriculum issues.

One key thing that has inspired you through your involvement with Dromore Nursery School:

The whole concept of learning through play and the importance of language development, especially for children with additional needs.
